

Metrotop II

Iselin, New Jersey

Metrotop II, developed by Atlantic Realty, is a new 9-story, Class A office building on Wood Avenue South in Iselin, NJ. The 280,000 square foot structure will feature a precast concrete and glass curtain wall system and cafeteria, as well as infrastructure provisions for a state-of-the-art data center. It will also connect to an existing office building and multi level parking deck through a new enclosed glass atrium. Additionally the building will feature a 12,000 square foot “Event Hall” on the tenth floor that opens to an exterior balcony which runs the width and length of the building. Construction is currently underway with completion scheduled for the Spring of 2010.

Location: Metropark Plaza
115 Wood Ave. South
Iselin, NJ
